Bayliff. A study of inquiries received by agencies under the board was planned with a view to clarifying Maryland's information needs.

Generous and continuing help has been received from the U. S. Department of Commerce, especially from John Weber, Baltimore District Manager. Others lending valuable assistance included Mrs. Margaret W. Kimble, Deputy Commissioner of the Department of Labor and Industry, and Dr. John W. Cover, Director of the University of Maryland Bureau of Business and Economic Research, and Mr. Arthur E. Durfee, Assistant Extension Editor of the Agricultural Extension Service at the University of Maryland, and Captain E. R. Morrissey, Executive Secretary of the Annapolis and Anne Arundel County Chamber of Commerce.

Mr. Alfred Truitt, Executive Secretary of the Salisbury Chamber of Commerce, Miss Elizabeth Laws of the Ocean City Bureau of Information, Mr. Thurl W. Tower, President of the Deep Creek Lake Association, Mr. Max Chambers, Publisher of the Preston News and Bay County Farmer, have all helped the department get underway.

Governor Lane has been generous with his time and advice, as have been Mr. Louis J. O'Donnell, Assistant to the Governor, and Chief Deputy Comptroller Joseph O'C. McCusker.

To Miss Dorothy Lane of Annapolis, who assisted the department as a volunteer worker, much credit is owed for the department's ability to meet the demands upon it.
