

The first appropriation for the *Maryland Manual* was made in order to permit the printing of a revised edition of the 1948-1949 volume. The second smaller appropriation was made when it was decided that the Hall of Records would be permanently entrusted with the *Manual*. It was thought worthwhile, therefore, to retain the services of the person who had assisted in the publication of the first edition.

The supplemental appropriation for salaries was granted in order to implement certain salary increases which the Standard Salary Board approved as of November 1, 1948.
