

A few more Executive Papers came from the Maryland Historical Society, and we transferred the correspondence of Governor O'Connor for the last two years of his administration. Collecting and arranging this large and valuable mass of materials will probably be a continuing task as there are many large gaps in the executive files which we hope will be filled gradually.

Other large collections of records came from the office of the Comptroller and from the Treasurer. All the early unbound records of the Somerset County Register of Wills, with the exception of the Original Wills, were transferred to the Hall of Records as were a large collection of similar papers from the Frederick County Register of Wills. Other records came from Frederick, Montgomery, Prince George's, Talbot, Washington and Worcester Counties.
