

A list of the agencies whose records were offered to the Hall of Records Commission under the terms of the disposal law and report of the action taken follows:

ADJUTANT GENERAL

On April 21, 1949, we were informed through the Secretary of the Board of Public Works that the Adjutant General wished to dispose of certain records located in the basement of the Fifth Regiment Armory in Baltimore. Careful examination of the material revealed that none of it was worth preserving in the Hall of Records. At the end of the year a list was being prepared by the Adjutant General to accompany a formal request for permission to destroy the records.

BALTIMORE CITY SUPERIOR COURT

On December 2, 1948, the Clerk of the Superior Court of Baltimore City offered us a large quantity of records stored in the basement of the Courthouse. Some of the material is valuable, but action was deferred until the effective date of new legislation, which at that time had not yet been introduced.

COMPTROLLER OF THE TREASURY

On August 9, 1948, we examined the records of the Comptroller of the Treasury which were located in the basement of the Court of Appeals building, which was being remodeled for use of the legislature. The records worth preserving were transferred (see list of accessions) and the remainder left where they were. Later on the Comptroller informed us that the records listed below were sold as waste paper on September 8, 1948, and subsequently destroyed.

Certificates of Deposits—State Departments and Boards, 1931-1937, 13 boxes (11"x8"x25"). (An account of monies collected by various State Departments, Boards, etc., from licenses, fees, etc., and deposited with the Comptroller.)
