

To add to our difficulties, we sold the *Manual* to individuals and agencies not connected with the State government, but we had no way to know in advance who would want them and how many. It will be easier next time, for we have prepared a card for each purchaser, and everyone who received a free copy signed a receipt for it. By the end of the fiscal year we had sold 678 copies and had received \$2,212.50 for them. It was an *ad lib* job for the most part, but it worked. However, we would not want to do it that way again.

PROCEEDINGS OF THE COURT OF PRINCE GEORGE'S COUNTY, *Liber A.*  
1696-1699

I advised you last year that this project, which we are undertaking in cooperation with the American Historical Association, had been revived after having long been dormant. I am glad to report now that the text is in page proof. The editor has not yet finished his introduction but almost so, and we have begun to prepare the proper-name index. I have every expectation that the book will appear in fiscal year 1964.

THE COUNTY COURTHOUSES AND RECORDS OF MARYLAND, PART 2:  
THE RECORDS

Good progress was made on this work also, and we hope that it will appear in fiscal year 1964, too.
