## LIBRARY

As in the past years, we received numerous useful volumes which we wished to include in our library. During the fiscal year, we added 117 titles. This compares with the 153 titles accessioned during 1962-1963, and the 110 titles received during 1961-1962. Many of the titles received during 1963-1964 represent long-desired titles while others help to fill in the gaps in our holdings.

We have again received many helpful genealogical publications. Included among those received this year are genealogies of the Cecil, Roderick, Megee, Dent, Nash, Amos, Stewart, Post, and Joyce families. The Maryland State Society, Daughters of the American Revolution once again has supplemented previous gifts with additional invaluable source materials. This year, the Society gave us seven typescript volumes comprising the Bible and tombstone records of Cecil and Harford counties.

Once more we have limited our purchases. Some of the titles added in this manner were *Washington, Capital City, 1879-1950*, by Constance McLaughlin Green, *Abstracts from the Land Records of Dorchester County, Maryland*, compiled by James A. McAllister, Jr., and *William Goddard, Newspaperman*, by Ward L. Miner.

Several of our acquisitions deserve more than passing notice. These include *Quakers in the Founding of Anne Arundel County*, by J. Reaney Kelly, prepared with the assistance of members of the Hall of Records staff, and *The Court Records of Prince George's County, Maryland, 1696-1699*, edited by Joseph H. Smith and Philip A. Crowl. This latter volume was prepared under the joint sponsorship of the Hall of Records Commission and the Littleton-Griswold Fund of the American Historical Association. Miss Martha S. Poole gave us a large collection of issues of *The Montgomery County Story*, completing our file of this publication. From Mrs. George T. Feldmeyer, we received over thirty numbers of the *National Historical Magazine*, published by
