

CHAP. 312

and to be paid by the warrant of the Comptroller on the Treasurer upon certificate of the said commission, as directed by them; and the further sums of thirty thousand dollars each annually for the fiscal years of 1907 and 1908 be and the same is hereby appropriated for this purpose.

Material to be
purchased to
construct
said road.

SEC. 7. And the said commission is hereby authorized to purchase such machinery, teams, implements and materials, and employ such assistants as may be necessary to the proper construction of said road or highway out of the sums appropriated by Section 6 of this Act, and use the same in the construction of said road or highway, and after its completion the same shall be and remain as the property of the State of Maryland.

SEC. 8. *And be it enacted*, That this Act shall take effect from the date of its passage.

Approved April 2, 1906.

CHAPTER 313.

AN ACT to authorize and direct the County Commissioners of Anne Arundel County to build and repair the bridges in said County and to provide for the issuance of bonds for the means of making said repairs, and further to authorize the issuing of other bonds of said County for the purpose of redeeming and paying off the floating debt of said County and to place said County upon a cash basis as to future obligations for the same.

Build and re-
pair bridges,
etc.

SECTION I. *Be it enacted by the General Assembly of Maryland*, That the County Commissioners of Anne Arundel county be and they are hereby authorized and directed and are required immediately after the passage of this Act to cause all bridges over navigable streams in said county over two hundred feet in length, especially the bridge over Spa creek and Hills bridge, to be repaired or reconstructed, as the case may require, in order to make it, or them, safe and in good condition for public travel for man and beast.

SEC. II. *And be it enacted*, That if not heretofore proper plans and specifications have been made and submitted to the said board of County Commissioners as to the required construction, reconstruction and building of any new bridges
