

bridge, which map shall be prepared within reasonable time. Whenever a new road shall be opened or accepted, or an old road altered or closed, its location or the fact that it has been altered or closed shall be promptly designated on said map. Said County Commissioners may at their discretion have finger boards or sign posts placed at roads, crossings or intersections designating the distance to the nearest prominent point.

CHAP. 365

Section 136. The said County Commissioners shall annually before the first day of March, except for the year 1906, when they shall as soon as practicable after the passage of this Act, appoint a road commissioner (who shall be an owner of real estate) for each road district and road sub-district of the county, who shall hold office for one year (unless removed for cause by the County Commissioners), and until his successor shall be appointed and qualify. They shall receive detailed instructions from the County Commissioners as to the method of their work, the time and manner of doing the same, and shall make a detailed report in writing to the County Commissioners at least every three months, showing the road and bridges repaired, the amount of labor and money expended on each, and calling attention to such facts as require their consideration. It shall be the duty of the road commissioner so appointed to take direct care and charge on and in behalf of the County Commissioners of all roads and bridges in his district, and he shall see that no obstruction, hindrance or injury is permitted upon or to any of them. Whenever any road shall form the boundary between districts or any bridge shall lie partly in one district and partly in another, the County Commissioners shall assign to the road commissioner for each district the whole or portion of such road or whole of such bridge over which he shall have supervision as aforesaid. Said road commissioners shall frequently inspect all roads and bridges in their respective districts, and shall promptly report to the County Commissioners any defects therein or the need for repairs and improvements thereto. They shall keep all roads and bridges in their respective districts in general good repair, and to this end they may appoint road supervisors for particular roads or portions thereof, employ such labor and make such expenditures from time to time in connection therewith as
