

## CHAPTER 289.

AN ACT to add certain sub-sections to Article twenty of the Code of Public Local Laws, title "Somerset County," sub-title "Crisfield."

**Preamble.** WHEREAS, The town of Crisfield was, by the General Assembly of Maryland, at its January session, 1892, considerably enlarged in territory; and

**Preamble.** WHEREAS, The recently included belt, as well as the original limits, are represented to be greatly in need of new streets and squares, to be laid out and lighted; and

**Preamble.** WHEREAS, The town is without water works and street mains, or a proper system of drainage, and the above or other improvements may require funds for construction or maintenance, which the commissioners of Crisfield are now unable to extend, and they desire this General Assembly to grant them power to issue bonds to a certain extent; therefore,

**New sections.** *Be it enacted by the General Assembly of Maryland,* That sub-section ninety two A (92 A), ninety-two B (92 B), ninety-two C (92 C), ninety-two D (92 D), be added to section ninety-two (92) of the Code of Public Local Laws of Maryland, article twenty, title "Somerset County," sub-title "Crisfield," to read as follows:

**May issue bonds.** SEC. 92 A. The commissioners of Crisfield are hereby authorized and empowered, if in their judgment they deem it expedient and proper, to issue bonds on the faith and credit of the said town, from time to time, to be known as "Crisfield Improvement Bonds," in an amount not exceeding thirty thousand dollars, or so much thereof as may be necessary, and sell the same, the fund arising therefrom to be used or expended only for or on account of public improvements in the said town, such as paying condemnation cost and opening new streets, squares, or widening or straightening present streets, lanes and alleys, and providing street lighting apparatus for same, or to erect and maintain water works, stand pipes, street and service mains, and fire plugs, or for improving the surface of the streets, avenues, alleys, lanes or squares of said town, or installing a proper system of drainage for said town, the commissioners to determine the proportion to be devoted to any or all of such public improvements; said bonds shall be divided into six series, to be known as series A, series B, series C,
