INSPECTIONS, WEIGHTS AND MEASURES.

Barrels.

532. The standard barrel for the measurement of all green peas or beans in the hull, for which a heaping measure is now given, shall be of the following dimensions, namely: diameter of said barrel at the top shall be eighteen and three-fourths inches inside the staves, the diameter at the bottom inside the staves shall be sixteen and one-fourth inches, and the depth of said barrel shall be twenty-six inches inside, and to contain in all six thousand two hundred and fifty-three and three-fourths cubic inches, measurement by said barrel to be struck measure.

533. The dimensions of any barrel so used shall be stamped by the Inspector of Weights and Measures of the City of Baltimore upon the same, in three conspicuous places, and any person using a barrel for the measurement of peas, beans and like farm products, without being so stamped, shall be fined not less than one hundred dollars, or more than five hundred dollars; said fine to be collected as other fines are now collected.

534. It shall be the duty of said Inspector of Weights and Measures and any measurer of the City of Baltimore, from time to time to inspect the barrels used for the measurement of said peas, beans and other farm products, and to see that the provisions of this sub-division of this Article are complied
