

19. It shall be the duty of all dairymen or herdsmen or private individuals supplying milk to cities, towns and villages to register their herds or cattle with the Live Stock Sanitary Board, in violation of which the parties offending shall be fined not less than \$1 nor more than \$20 for each offense.

20. It shall be the duty of the Live Stock Sanitary Board, to have inspected at least annually, without notice to the owner or those in charge of any dairy or parties supplying milk, as named in section 19 of this article, the premises wherein cows are kept, and if such premises are found in an unsanitary condition, the said board may prohibit the sale and shipment of milk from such premises until such time as the premises shall conform to the following sanitary rules:

Rule 1. No building or shed shall be used for stabling cows for dairy purposes, which is not well lighted and well ventilated, and which is not provided with sufficient feed-trough or box, and suitable floor, laid with proper grades and channels to immediately carry off all drainage; and if a public sewer abuts the premises upon which such building is situated, they shall be connected therewith whenever the inspector considers such sewer connection necessary.

Rule 2. No water-closet, privy, cesspool, urinal, inhabited room or workshop shall be located within any building or shed used for stabling cows for dairy purposes or for the storage of milk or cream; nor shall any fowl, hog, sheep or goat be kept in any room used for such purposes.

Rule 3. It shall be the duty of each person using any premises for keeping cows for dairy purposes, to keep such premises thoroughly clean and in good repairs and well painted or whitewashed at all times.

Rule 4. It shall be the duty of each person using any premises for keeping cows for dairy purposes, to cause the building in which cows are kept to be thoroughly cleaned, and remove all dung from the premises so as to prevent its accumulation in great quantities.

Rule 5. Any person using any premises for keeping cows for dairy purposes, shall provide and use a sufficient number of receptacles, made of non-absorbent materials for the reception, storage and delivery of milk, and shall cause them at all times to be cleaned and purified, and shall cause all milk to be removed without delay from the rooms in which cows are kept.
