

231. The county road engineer shall reside in Somerset county during the term of his office, and shall have entire charge and control and supervision of the making, repairing and reconstructing of the public roads and bridges in Somerset county, and shall make all specifications for the building of new roads and bridges. He shall employ such help, teams and implements as he may deem necessary for the working, repairing and constructing of said roads and bridges, to be paid for by the County Commissioners; provided, that he shall not employ a person or persons to be paid a greater amount than \$1.00 per day, without first obtaining the written consent of the County Commissioners for each person so employed. He shall have charge and control of all teams, carts, wagons and other machinery and implements which may be purchased by the County Commissioners for the use of said roads. He shall not work out or expend on the roads or bridges of said county a greater sum in any one fiscal year than the amount levied by the County Commissioners for this purpose without obtaining the permission in writing of said commissioners. He shall appear before the commissioners at their first meeting in each and every month, and make a statement to them of the work done and money expended. He shall examine and certify to the correctness of all bills and accounts for any work done or materials furnished for any of the public roads or bridges in Somerset county before the same shall be paid by the County Commissioners; and said County Commissioners shall make no payment until such accounts have been certified by said engineer. He shall make out annually, in writing, a detailed report of all work done on the county roads and bridges for the year, together with the names of all persons working on said roads and bridges, and the amount to which each person is entitled for such work, and which he has certified as correct, which report shall be made on or before the 15th day of July for the year ending on the 30th day of the preceding June; and in the making of said report he shall be allowed the services of a stenographer and typewriter, to be paid by the County Commissioners, a sum not to exceed \$25.00 for his services. Said county road engineer shall not be interested in any firm or corporation from which anything shall be purchased for the use of said roads or bridges, or receive any commission on said purchase.

232. The county road engineer, by and with the advice and consent of the County Commissioners, may appoint district road supervisors, but not more than one supervisor for any precinct of Somerset county, who shall be paid such wages or salary as the County Commissioners shall prescribe, and it
