

water drain, water purification or sewage disposal plant, or no connection with the above, shall be constructed or installed except as above provided, and any violation of this provision shall be a misdemeanor punishable under Section 21 of this Act. All construction and operating records, including cost records, shall be filed with the Commission, which shall be empowered at any time to take over said system or part thereof, or said water main, sewer, storm-water drain, water purification or sewage disposal plant, or connection with the above, in the same manner as provided under Section 15 for systems existing at the time of the passage of this Act. The Commission shall be empowered to extend its water supply, sewerage, drainage and refuse disposal systems into any area outside of the Sanitary District contiguous thereto or in the vicinity thereof, whenever the property owners of said area shall agree to the conditions that may be imposed by said Commission.

SEC. 17. *And be it further enacted,* That whenever said Commission shall deem such action advisable it shall institute, maintain and operate such system of refuse collection and disposal in any part or parts of the Sanitary District as in its judgment shall best promote public health, economy and convenience, and shall prescribe the territory so to be served. The Commission shall have full power to prescribe and enforce rules and regulations governing the treatment and storage of all varieties of refuse on private property before collection. Whenever a system of refuse collection and disposal shall be established in any area, existing systems or methods of refuse disposal within said area shall be abandoned, and all properties shall make use of the system provided by the Commission. Any violation of the above provisions shall be a misdemeanor punishable under Section 21 of this Act. The area served by any refuse collection and disposal system established by the Commission may be extended from time to time by said Commission as in its judgment may be advisable, and the provisions of this Section shall likewise be applicable to all added territory. For the purpose of providing funds for the establishment or extension of any system of refuse collection and disposal, the Commission may issue bonds which shall be of the same type, subject to the same conditions and carrying the same guaranty of payment of interest and principal as those issued for water supply, sewerage and drainage construction, as provided under Sections 5 and 6 of this Act; except that all bonds to be issued under this Section shall ma-
