

ty," sub-title "Roads," as the same was enacted by Chapter 108 of the Acts of 1912, be and the same is hereby repealed and re-enacted with amendments so as to read as follows:

Section 167A. The Board of County Commissioners of Montgomery County shall annually make a general levy of an amount not exceeding thirty-five dollars (\$35.00) per mile for the repair of the dirt roads in said county, the said amount, when collected, to be apportioned to the several election districts according to the mileage of county dirt roads in each of said election districts, and in computing said election district mileage each election district shall be credited with one-half of the mileage of all county dirt roads constituting boundary lines between it and other election districts. And said County Commissioners shall also annually make a general levy of an amount not exceeding three hundred dollars (\$300.00) per mile for the repairs to macadam or other permanently improved roads with which the county is charged with the duty and expense of maintenance, said amount, when collected, to be apportioned to the several election districts according to the mileage of such macadam or other permanently improved roads, located in each of such election districts, and in computing said election district mileage of macadam or other permanently improved roads, each election district shall be credited with one-half the mileage of all the macadam or other permanently improved roads, constituting boundary lines between it and other election districts. And each of said apportionments for repairs to dirt roads and for repairs to macadam or other permanently improved roads shall be expended wholly upon roads within the election districts to which it is apportioned. Any unexpended or surplus part of such apportionment for the repairs to dirt roads may be expended for repairs to macadam or other permanently improved roads in the election district to which it is apportioned, and any unexpended or surplus part of such apportionment for the repairs of macadam or other permanently improved roads, and any other road fund which may be credited to the several election districts or any of them and not set apart for some particular purpose, may be expended for the construction of new macadam or other permanently improved roads in the election district to which such apportionment or such other fund is credited, but shall not be expended elsewhere nor for any other purpose. All monies received by said county for maintenance of roads from the automobile tax, or from other miscellaneous sources
