

23 of the Code of Public General Laws of Maryland, title "Corporations," as the same are numbered and set forth in the Code of 1904, as legalized by Chapter 72 of the Acts of the General Assembly of Maryland of that year, be and the same are hereby repealed and re-enacted with amendments, so as to read as follows:

142A. Any gas light corporation formed under this Article shall have full power to manufacture artificial gas, and to sell, and to furnish such quantities of gas, both natural and artificial, as may be required in any city, town or county of this State, in which, or adjoining which the same may be located, for lighting the streets, roads and public or private buildings, or for other purposes, and such corporation is hereby authorized and empowered to lay conductors or pipes for the transmission of gas, both natural and artificial, in any city, town or county, under the streets, squares, lanes, alleys and roads thereof, paved or unpaved, and to connect the same with any manufactory, public or private building, lamp or other structure or object, and with the place of supply, after first securing the proper assent of the municipal authorities of said city or town, or of the County Commissioners of said county, under such reasonable and proper regulations and conditions that may be prescribed by them, subject, however, also to any law or ordinance that may be passed by the municipal authorities of the city or town, or the County Commissioners having jurisdiction, for the filling up and repaving of any street, lane or alley or road under which the said pipes may be laid.

143. Any electric light or power company formed under this Article shall have full power to manufacture, sell and furnish such quantities of electric light or of electric power as may be required or desired in any city, town or county of this State, in which or adjoining which the same may be located, for lighting the streets, roads, public or private buildings, or for motive power or other purposes, and such corporation is hereby authorized and empowered to lay, construct or build lines or conductors under, along, upon or over the streets, squares, lanes, alleys and roads, paved or unpaved, and connect the same with any manufactory, public or private building, lamps or other structure or object, and with the place of supply, after first securing the proper assent of the municipal authorities of said city or town, or of the County Commissioners of said county, under such reasonable and proper regulations and conditions that may be prescribed by them; subject, however, also to any law or ordinance that may be passed by the municipal authorities of the city or town, or of
