

after designated for improvement shall have been completed, they shall decide what other streets or portions of streets, shall be improved under the terms of this Act, and for all streets to be improved, including these herein specifically mentioned or hereafter to be selected in their discretion, they shall decide and determine, according to their best judgment, what materials shall be used for such improvement, whether vitrified brick, macadam, bitulithic, stone, Belgian blocks or other materials, and shall make all contracts for such work on the part of the town, such contract to be in writing and to be executed on their part by the signatures of their chairman and secretary; and in carrying out the objects of this Act, they may call to their assistance a skilled engineer or other person, familiar with modern road construction, and may make such agreement as to compensation and duties, with such engineer or other person, as they may deem wise and advantageous. They shall keep minutes of their proceedings and other records and books necessary to the proper administration of the duties herein imposed upon them, such minutes and records to be open to the inspection of any taxpayers of Cambridge, and to be turned over, after the completion of their work herein authorized to the custody of the commissioners of Cambridge.

SEC. 7. *And be it enacted*, That in discharge of the contracts entered into by them for the work herein authorized, the said commission shall issue a warrant, on a majority vote, to be signed by their chairman and secretary, for the payment of the money due under the said contract, upon the treasurer of the town of Cambridge, and the said treasurer shall pay such warrants out of the funds in his hands applicable to the purposes of this Act. The treasurer shall not otherwise disburse the money in his hands, as provided for in this Act, than upon the warrant of the said commission, executed as aforesaid.

SEC. 8. *And be it enacted*, That the aforesaid commission, to be known as "The Cambridge Street Improvement Commission," shall as soon as practicable after the passage of this Act organize and proceed with the work herein authorized, and that High street from Water street to Locust street, Poplar street, Race street from Poplar street to Washington street, Gay street from Poplar street to Muse street, Muse street to Market street, and Market street to the bridge over Cambridge Creek be the streets which shall be first paved under the provisions of this Act, before work is undertaken on any other street or highway of the town of Cambridge aforesaid, and that it shall be in the discretion of the said commission as to which one of the streets above mentioned, or what portion of said streets, shall be first paved, curbed and otherwise im-
