

**HONORABLE JOSEPH I. FRANCE**  
United States Senator

This cut represents the likeness of the Hon. Senator Joseph Irwin France of Baltimore, Md. The Ranking Senator of the State of Maryland.

**THE HEART AND MIND OF A SENATOR**

He is chosen by the people of the state because of his peculiar fitness for the exalted position, because of his unique personality. On account of the warmth of his heart toward all classes of his fellow citizens in the home State irrespective of origin or nationality. Because of the depth, breadth and accuracy of his vision as to the needs, rights and wishes of people; the masses as well the classes. His unalloyed, unflinching loyalty to principle and duty as God gives him grace and vision and the people give him need and opportunity to embrace it. This we believe is the Heart and Mind of our Senator.
