

# H. LUKENS' PATENT FAMILY WASHING MACHINE

And after washing from 10 to 20 minutes, they all come out PERFECTLY CLEAN!

Again, we put in from 6 to 10 Sheets or Table-Cloths, with soap and water as before, and in 15 or 20 minutes THEY all come out CLEAN! Lastly, we lay from 25 to 50 small pieces, (such as can be placed together) with soap and water, as above, and in from 15 to 20 minutes they also come out CLEAN! We caution as they say seem, it is done by the action and reaction of the water (by means of pressure) in connection with the scrub without any rubbing motion of friction whatever! Consequently, the clothes are not only unimpaired by the operation, but are actually made to last TWICE AS LONG as when washed by hand.

**EXHIBITIONS OF WASHING EVERY MONDAY MORNING AND FRIDAY AFTERNOON.**

Come then and see the machine in operation, as it never fails to convince those who do. Fast trialing men should make themselves acquainted with this most useful invention, desiring as it does a place in the kitchen of EVERY family.

**Prices are \$10, \$20 and \$25, according to size.**

Warranted to perform WELL and LAST FOR YEARS, if used according to directions. A complete list of the agents for the following persons, all of whom have had these machines in use for many months past.
