

E. LUKENS' PATENT FAMILY WASHING MACHINE

And after washing from 15 to 30 minutes, they all come out PERFECTLY CLEAN!

Again, we put in from 6 to 10 Sheets or Table Cloths, with soap and water as before, and in 15 or 20 minutes THEY all come out CLEAN! Finally, we lay from 25 to 50 small pieces, (such as can be placed together,) with soap and water, as above, and in from 15 to 30 minutes they also come out CLEAN! Wonderful as this may seem, it is done by the action and reaction of the water (by means of pressure) in connection with the soap, without any rubbing or friction whatsoever; consequently, the clothes are not only unimpaired by the operation, but are actually made to last FIVE AS LONG as when washed by hand.

EXHIBITIONS OF WASHING MACHINES MONDAY MORNING AND FRIDAY AFTERNOON.

Come then and see the machine in operation, as it never fails to give satisfaction, as compared with this most useful invention, deserving as it does a place in the kitchen of EVERY family.

PRICES \$15, \$20 and \$25, according to size.

Warranted to perform WELL and LAST FIVE YEARS, if used according to directions. Also a satisfaction of the above, we refer the public to the following persons, all of whom have had these machines in use for many months past.
