BERMUDA ARROW ROOT & TOUS LES MOIS.

I have made arrangements which will enable me always to supply the above articles fresh and from the manufactory of one person.

This Arrow Root is well known to the customers of D. & J. V.D. Stewart, having been imported by them (generally twice a year) for more than five years.—The crop of the manufacturer was previously monopolized for the London market, and is as far superior to the mixed lots constantly for sale in our market from various manufacturers in Bermuda, as Henry's Magnesia is to the ordinary calcined Magnesia.

I prefer to pay 20 per cent. more for this manufacture than I can get the Bermuda Arrow Root for here of the importers, and continue to retail it at the usual price in canisters, sealed.
