

tem; second, whether or not the requirement of the State Board of Health as to the time within which such connections shall be made reasonable; and third, whether or not the requirements of the State Board of Health as to the manner in which such connection shall be made is reasonable. If the finding of the jury shall be in favor of the appellant on the first of said issues, the same shall be final, but if the finding of the jury shall be against the appellant on the first of said issues and in his favor on either the second or third of said issues, or on both, the papers in the cause shall be remanded to the County Commissioners, who shall transmit a record of the same to the State Board of Health, which shall forthwith pass a new order after due notice to the appellant and an opportunity given him to be heard, and transmit a copy of such order to the County Commissioners as aforesaid, where it shall again be subject to appeal upon the issue or issues not previously passed upon. Any person not complying with such order of the State Board of Health which has become final as in this Section provided, shall be deemed guilty of a misdemeanor and subject to a fine of ten dollars per day for every day during which he fails to comply with such an order, such fines to be collected as other fines and penalties for misdemeanors are collectible. Provided, however, that no owner or occupant of any property in Baltimore County shall be required to connect his premises with any private sewerage system under the provisions of this Section unless the rates and terms for such connections have been approved by the Public Service Commission of Maryland, and that said connection is permitted at the rates and upon the terms so approved. And provided further, with the advice and consent of the State Board of Health that the County Commissioners of said County shall have the right at any time hereafter to purchase the plant, property, easements, rights and appliances of any individual, co-partnership or corporation now or hereafter engaged in the business of supplying to the public facilities for the disposal of sewage, and to pay to said individual, co-partnership or corporation the fair value of the same, and in the event of said County Commissioners being unable to agree with the owner or owners of said property and rights as to the fair value thereof said County Commissioners may condemn the same for public use in the manner prescribed by law; this provision not to be taken as authorizing the acquisition of any property or rights outside of the limits of Baltimore County.

132 S. Whenever the cost of any such proposed sewer or sewerage system constructed or purchased under the provisions
