It shall also consult with and advise corporations, companies and individuals engaged or intending to engage in any manufacturing or other business whose sewage may tend to pollute the waters of the State. It may also conduct experiments relating to the purification of water and the treatment of sewage or refuse. No County, municipality, corporation, company or individual shall be required to bear the expense of such consultation, advice or experiments. Information that may be given shall be only of such preliminary nature as to outline the best course to pursue, and in no case shall the State Board of Health be required to prepare plans, specifications or detailed estimates for any improvement, unless it be specifically delegated to do so by the Governor or Legislature, and adequate special appropriation be provided for the purpose.

SEC. 4. *And be it further enacted,* That every County, water, sewerage or sanitary district authority, municipality, corporation, company, institution and individual supplying or authorized to supply, at the time of the passage of this Act, water, sewerage or refuse disposal service to the public, or owning water or sewerage systems, or refuse disposal plants, serving or authorized to serve the public, within the State, shall, within six months after the passage of this Act, file with the State Board of Health a certified copy of the plans of its water supply or sewerage system, or refuse disposal plant, complete; such plans to be correct to date of submission, and to be of such scope and in such detail as to be satisfactory to the State Board of Health. In case no plans, or only those of insufficient scope or detail, are in existence, this Section shall be complied with by the preparation of new, or the completion of the existing plans, and such investigations as may be necessary to insure the approximate correctness of the plans shall be instituted by the County, district authority, municipality, corporation, company, institution or individual required to supply them. In case specifications of or reports on the water supply and sewerage systems or refuse disposal plants are in existence, they shall be submitted, as well as plans. The State Board of Health may request such other information and records concerning the water supply and sewerage systems or refuse disposal plants, and their maintenance and operation, as it may deem proper for its purposes; and it shall be the duty of the County, district authority,
