SEC. 5. *And be it further enacted*, That when the State Board of Health finds, upon investigation, that any water supply or sewerage system, or refuse disposal works, on account of incompetent supervision or inefficient operation, is not producing such results, from a sanitary standpoint, as might reasonably be expected, or is in any way a menace to health or comfort, or is creating a nuisance, it shall issue an order to the proper officer, board, department or person having charge of or owning such system or plant, to secure such operating results as might be reasonably expected, which results shall be, and shall be produced within such time as shall be satisfactory to the State Board of Health. If the desired results be not produced within the time specified, the State Board of Health may order the proper officer, board, department or person having charge of or owning such system or plant, to appoint, within such time as it may specify, and pay the salary of, a competent person, to be approved by the State Board of Health, who shall take charge of and operate such system or plant, so as to secure the results demanded by the Board.

SEC. 6. *And be it further enacted*, That when the State Board of Health finds, upon investigation, that any water supply or sewerage system, or refuse disposal works, is in any way a menace to health or comfort, or is creating a nuisance, and conditions cannot be sufficiently improved, in the opinion of the Board, by mere change in the method of operation, the State Board of Health shall be empowered to issue an order requiring the owner of the system or plant to make such alterations or extensions to the system or plant, or to install such new system or plant, as the Board may determine necessary to correct improper conditions. The State Board of Health shall name in its order such date for the completion of the work as it may deem reasonable and proper.

SEC. 7. *And be it further enacted*, That when the State Board of Health finds, upon investigation, that any of the waters of the State are being, or are liable to become, polluted in a way dangerous to health, or so as to be in any way a nuisance, and such condition is, due to the fact that there is no, or only a partial, system of public water supply, sewerage or refuse disposal in a certain County, municipality, district,
