

tainers; and it shall also assume jurisdiction over the method of collecting, bottling and delivering such waters. After the passage of this Act no such waters shall be collected, bottled or delivered until a written permit so to do has been issued by the State Board of Health to the owner of such supply. No such permit will be issued if the State Board of Health determines that said water is in any way injurious to the public health. Corporations, companies and persons handling potable waters, shipped from points outside of the State of Maryland, shall receive permits to sell waters only upon presentation to the State Board of Health of a permit issued by the State Board of Health of the State from which the water is collected, stating that the source of such water supply and the method of handling the water, as practiced within the limits of that State, are such as not to be prejudicial to the public health, and that said water is allowed to be sold within the limits of the State issuing said permit. Nothing herein provided shall, however, prevent the State Board of Health from prohibiting the use of such water shipped from another State, if in its judgment said water is shown by analysis to be unfit for potable purposes, or if its quality in any way is injured by such handling as may be accorded to it after arriving within this State.

SEC. 15. *And be it further enacted*, That after the passage of this Act no new source of ice supply, either natural or artificial, shall be used for furnishing ice to the public for domestic purposes unless such source be approved by the State Board of Health and a written permit be issued by the Board for the harvesting or manufacture, and the sale, of ice from said source. No ice shall be stored in an unclean place, handled in an unclean manner, nor brought into contact with polluted water. The State Board of Health shall be empowered to make and enforce such rules and regulations as it may deem proper regarding the selection and care of sources of ice supply and the methods employed in harvesting, manufacturing, storing and handling ice.

SEC. 16. *And be it further enacted*, That all such records as may be required by the State Board of Health shall be kept by Counties, municipalities, districts, corporations, companies and persons supplying water, ice, sewerage or refuse disposal service to the public; by corporations, companies and persons owning manufacturing and industrial establishments; and by owners of private systems of water supply and sewerage; and
