

opening, paving, grading and curbing of any street, alley way or thoroughfare, under the provisions of this sub-title of this Article, shall be deposited, as hereinbefore required, in some bank in the City of Baltimore, to be designated by the County Commissioners, to the credit of the street, alley-way or thoroughfare proposed to be opened, graded, paved or curbed, and by such bank be kept separate from any other funds which said examiner or examiners may have on deposit in said bank; and in case of the appointment of another or other examiners, under the provisions of the preceding Section, such monies shall be paid out by such bank upon the check, order or warrant of such other examiner or examiners.

398. Wherever it may be desirable to have an alley laid off and established and condemned, opened, graded and constructed in any portion of the territory of Baltimore County in which streets and avenues have already been laid off or may hereafter be laid off under the provisions of this sub-title of this Article, the owners of a majority of front feet of ground bounding on such proposed alley may make application to the County Commissioners in the same manner as for the condemning, opening and grading of any street or avenue, or part thereof, and the width of the proposed alley and the location of the same must be set forth in said application; and after said application is presented to the County Commissioners, all proceedings which can be had and taken for the condemnation, opening, grading and construction of any street or avenue, or portion thereof, under the provisions of this sub-title, of this Article, shall be had and taken for the condemnation, opening, grading and construction of such proposed alley.

401. Whenever any street or avenue or portion thereof, or thoroughfare is in course of being condemned, opened, graded and constructed under the provisions of any of the Sections of this sub-title of this Article, and it shall be necessary to erect any bridge or culvert over any water course over which the same may pass, and the County Commissioners, upon application being made to them, shall be of the opinion and consider that the public convenience requires the building and erection of such bridge or culvert, they shall appropriate and set aside such sum as may be necessary therefor and convenience may require.

402. It shall be the duty of the County Commissioners to cause all buildings binding on any of the paved streets, paved roads and paved avenues of Baltimore County, within two
