

All checks shall be in a form prescribed by the County Commissioners, shall show on their face the purpose for which the payment is made, and against what fund such payment shall be charged, whether the general fund or against the district funds as hereinafter provided for, and in case of the latter, they shall show the road district and the election district against which said payment is to be charged. Checks against the general fund shall be signed by the President of the Board of County Commissioners and countersigned by the Road Clerk. Checks against the district funds shall be signed by the Road Director for the district against which the payment is to be charged, and countersigned by the Road Clerk. No sum of money for any purpose whatsoever shall be paid out of any part of the road fund except upon the direction of the Board of County Commissioners, and the Road Clerk shall not countersign any check of any director for any bill whatsoever, unless such bill shall be itemized with sufficient definiteness to show what work or materials it is for, and on what road or bridge the work was done or materials used, and unless such bill has been passed by the Board of County Commissioners. It shall be the duty of the Road Clerk at the time of countersigning checks to enter the payments in his road books so that the County Commissioners shall have in their office open to the inspection of the public at all times a full and complete record of the road fund and the distribution thereof.
