

CHAPTER 84.

AN ACT to authorize and empower the municipal corporation, the Town Commissioners of Centreville, to borrow, upon the faith and credit of said municipal corporation, the sum of Eighty-Five Hundred Dollars (\$8,500), or so much thereof as may be necessary, for the purpose of purchasing an oil burning engine and electric generator and of installing the same in the electric light, heat and power plant of said corporation, together with the necessary equipment for operating said engine and generator including oil storage tank and pipe line; to execute the promissory notes of said municipal corporation for the amount so borrowed, and, for a period not exceeding four years from June 1, 1916, to renew said notes as they mature from time to time; to apply the money collected by said corporation from the consumers for electric service furnished by said plant, first to the payment of the expenses of running, maintaining and repairing said plant and then to the payment of the said promissory notes and of the renewals thereof, and the interest to accrue thereon; and, at the time of the annual levy of taxes in the year 1920, to levy taxes, if necessary, on the assessable property in the town of Centreville, Maryland, to pay any of said notes which may then be unpaid; and to sell one of the steam units now used in said plant and apply the proceeds of such sale toward the payment of the cost of said oil burning engine and electric generator; and declaring that the said indebtedness, represented by said promissory notes, shall be deemed to be a part of the cost and expense of repairing, extending and enlarging said plant, mentioned in Section 8 of Chapter 29 of the Acts of the General Assembly of Maryland of 1912.

WHEREAS, Under the provisions of Chapter 29 of the Acts of the General Assembly of Maryland, passed at its January Session, 1912, the municipal corporation, the Town Commissioners of Centreville, did construct and erect the electric light, heat and power plant described in said Chapter 29 of the Acts of 1912, and is now maintaining and operating said plant for the purposes set forth in said Act;

AND WHEREAS, In order to meet the requirements of demands for electric service and to more efficiently and economically run and maintain said plant, it has become necessary for the said municipal corporation, the Town Commissioners of Centreville, to purchase and install in said plant an oil burn-
