

the state entomologist, state pathologist and state horticulturist, respectively.

52. The said Horticultural Department shall be under the control of the board of trustees of the Maryland State College of Agriculture and Experiment Station, to whom the officers created under this sub-title shall be responsible; the salary of the state horticulturist, state entomologist and state pathologist shall be fixed by the said board of trustees, and the said board shall likewise fix the compensation of any assistant, or assistants, employe or employes, and control all expenses thereof; the expenses of said department shall be paid out of any appropriation hereinafter provided for; and said board of trustees are invested with all powers necessary to carry into effect the provisions of this sub-title; but no expense shall be incurred beyond the amount appropriated.

55. Should any of the officers aforesaid through their assistants and employes or by any notification whatsoever find any fruit trees, vines, shrubs, plant or grains infested or diseased with the aforesaid insects or diseases, the aforesaid officers shall mark or tag in some conspicuous way all trees, vines, shrubs, plants or grains, infested with the aforesaid diseases, and shall give notice in writing to the owner or owners, tenants or persons in charge of such premises of the condition thereof, and thereupon if such person or persons so notified shall not within ten (10) days after the notification, destroy or treat the same in accordance with regulations and rules of said trustees, a copy of which will be sent on application to any person, then said trustees shall through their officers, assistants or employes, destroy or treat all such trees, plants, vines, shrubs and grains, and the State officers shall file a statement of the expenses of such destruction or treatment with the trustees of said college, and said trustees shall transmit a copy of such statement and account of such expenditure, with the usual affidavit attached thereto to be made by the State officers, which shall be sufficient evidence to prove the claim to the state's attorney of the county where the owner of such premises resides, and said attorney is directed to collect the same and account to the trustees of the Maryland State College of Agriculture therefor.

60. When any trees, plants, shrubs, vines, buds or cuttings commonly known as nursery stock are shipped into this State from any other State or territory, or the District of Columbia to any nurseryman, broker, dealer, agent or other person in
