## CHURCH CIRCLE

St. Anne's Episcopal Church is of great historical interest. In its list of Vestrymen are several of Maryland's early Governors, including Governor Charles Calvert, 1721, and Governor Benedict Leonard Calvert, 1730, 1731; also two of Maryland's four Signers of the Declaration of Independence, Samuel Chase and William Paen.

It possesses a number of notable relics, especially the Silver Communion Service presented by King William III, in 1695-96.

The present building is the third on this site, the first having been torn down after the Revolution, and the second destroyed by fire in 1858.
