

are hereby authorized and directed in each and every year to levy upon the assessable property in the said town of Millington, such sums of money as may be necessary to pay the interest on said bonds as said interest shall become due and payable and also to levy such sums in addition thereto as may be required to pay or redeem said bonds as the same mature from time to time until all of said bonds shall have matured, which tax shall be levied and collected by the said Commissioners of Millington in the same manner as the town taxes now are or may be hereafter collected and have the same priority, rights, bear the same interest and penalties and in every respect be treated the same as said town taxes for the Town of Millington now are, and shall be in addition to the taxes which are or may hereafter be collected for the said town of Millington.

SEC. 6. *And be it enacted*, That the Commissioners of Millington for the purpose of assessing benefits for the construction of said water supply and sewerage system for said town, shall divide all properties binding upon a street, lane, alley or right-of-way, in which a water main or a sewer is to be laid, into four classes, namely: agricultural, small acreage, industrial or business, and sub-division property. Immediately upon the commencement of the water supply and sewerage project the Commissioners of Millington are empowered and directed to fix and levy a benefit charge upon all property abutting upon said water supply or sewerage system, or both, in accordance with the classification, and shall in writing notify all owners of said properties into which class their respective properties fall and the charges determined upon, naming also in said notice a time and place when and at which said owners will be heard. Such notice may be mailed to the last known address of the owner, or served in person upon any adult occupying the premises, or in the case of a vacant or improved property, posted upon the premises. The classification of and benefit assessed against any property as made by the Commissioners of Millington shall be final, subject only to revision at said hearing. The Commissioners of Millington may change the classification of properties from time to time, as said properties change in the uses to which they are put. Said benefits shall be levied for said water supply or sewerage construction, or for both, upon the number of front feet abutting upon the street, lane, alley or right-of-way in which the said water main or sewer is placed; provided, however, that no lot
