

to the same fees for their services, which are allowed by the CHAP. 121.
said act or the supplement thereto.

Sec. 19 *And be it enacted*, That the measures or instru- <sup>Instruments prov-
ed</sup>
ments, to be used by the inspector or measurer, shall be an-
nually tried and proved, as weights and measures are now
required to be, in the several counties of this state.

Sec. 20. *And be it enacted*, That the measurer of coal, ^{Compensation}
shall be entitled to one fourth of a cent, for measuring eve-
ry bushel of coal, to be paid by the purchaser of the same.

CHAPTER 121.

*An act to alter and amend the lines dividing the Seventh ^{Passed Feb. 20, 1835}
and Eighth Election Districts, in Baltimore county.*

WHEREAS, it hath been represented to this General As- ^{Preamble}
sembly, that much inconvenience is experienced by the vo-
ters of Baltimore county, residing in the eighth election dis-
trict, in consequence of the remoteness of the place of
holding the election in said district, and that a change in the
location of part of said district, would greatly promote their
convenience and the public good, the prayer of the petition-
ers appearing reasonable and just, Therefore,

Be it enacted by the General Assembly of Maryland, That ^{Lines changed.}
a part of the eight election district in Baltimore county, be
added to the seventh district, according to the following
lines viz. beginning at E. Rider's Mill, on the present divi-
sional line of said district, running north to the ninth mile
stone on the York turnpike, thence to Ridgely's furnace
road, where it will intersect the said divisional line, and it
shall and may be lawful for all voters now residing within
the present lines of the eighth district, and within the lim-
its of the aforesaid lines as above directed to be run, to
vote at the place of holding the elections in the seventh
election district, at all future elections.
