This Seminary of learning, instituted for the liberal education of Young Ladies, was created a College proper by the Legislature of Maryland, December session, 1849, with authority to confer degrees, and endowed with all the rights and privileges of the most favored female institutions.

There are two departments in the Institution—the COLLEGIATE DEPARTMENT and the PREPARATORY DEPARTMENT, with their appropriate branches of learning. The course of study in each is three years, designated by as many different classes.

## COURSE OF INSTRUCTION.

The course of instruction is intended to develop the intellectual, social and moral faculties; and by imparting a thorough, practical, accomplished and christian education, fit the pupil for the faithful discharge of the responsible duties that await her in life.

Great pains will be taken to promote intellectual advancement, by rendering the acquisition of knowledge pleasant, and by training the pupil to correct habits of thought and reflection.

The proper exercise of the social feelings will be encouraged by inculcating whatever belongs to refined manners and dignified courtesy in our intercourse with others; while reading, recitations and expositions from the Bible, will familiarize the mind with the truths of our holy religion, and imbue the heart with right principles of action, and rules for the government of life.

The institution already takes rank with our oldest Seminaries, and enjoys a liberal patronage from the city of Baltimore and from the Middle, Southern and Western states.
