

for an extension of such work or improvement within specifically described limits from time to time, to be paid by additional issues of such bonds, and may provide that certain prescribed parts of the work of improvement, or certain percentage of its cost, shall be paid by the corporation, providing for a vote of the taxpayers as heretofore prescribed in this section. Said proposed ordinance shall be posted in five conspicuous places in the town and published once a week for three weeks, with a notice of a meeting of the Council at the expiration of that period to hear any persons that may object thereto. After such hearing, the Council may, if they deem proper, pass such ordinance, and shall thereafter submit the question of the issue of such special improvement bonds to the resident taxpayers, with such notice and publication and in such manner as hereinbefore in this section provided; and if three-fifths of the resident taxpayers so voting at such election shall vote in favor thereof, and not otherwise, the said ordinance shall become operative, and the work of improvement specified shall be executed, and the bonds issued as therein specified. The said special improvement bonds and interest thereon shall be paid by a special tax of approximately equal annual installments, to be levied, for a specified term of years not exceeding twenty-five, upon the land to which such work of improvements shall extend or be tributary, as specifically designated in the ordinance. The said special taxes shall be a lien upon the property upon which they are levied, and shall be collected in the manner provided for the collection of general taxes of the town.

(K) The Council may issue certificates of indebtedness, bearing interest not to exceed in amount the annual revenue of the town, less the amount of all sinking funds previously provided for, said certificates and interest to be paid only from such revenue and within one year from the date of their issue; and such certificates may be issued in pursuance of an ordinance duly passed without submitting the question to a vote of the taxpayers.

(L) The Council shall have the same powers as the State Board of Health of this State, restricted, however, to the limits of the town.

(M) The Council shall keep and annually publish a tabular statement of the receipts and expenditures of the funds of the corporation, and such other matters connected with the government and regulations of the town affairs as they may deem necessary and proper.
