

PURE ANTHRACITE COAL,
 FROM THE CELEBRATED MINES OF
MESSRS. R. FAGELY & CO., SUNBURY, PENNA.

The subscribers have been induced, by the increasing demand for their Coal, to open a Yard for its sale on

Eden street, between Baltimore and Lombard,

Where Families and Manufactories can be supplied with Large, Lump, Broken, Egg and Nut sizes, free from dirt or slate, and at the lowest market prices.

The great superiority of this Coal over all others for family use, consists in its easy ignition, its great purity, burning entirely out without clinker, and the small quantity that can be used at a time gives it a decided advantage over any other Coal in the market, as the quantity used can be regulated to suit the changes of the weather. *For generating Steam* it cannot be surpassed, and needs only a trial to satisfy the most skeptical.
