CELEBRATED

IRON FRAME

PIANO FORTES

With all the Modern Improvements.

The subscribers respectfully invite the attention of the public to their elegantly finished and really superior instruments, a large assortment of which, finished according to the most elaborate development of taste in the art, are now on exhibition in the principal wareroom. Among the many superior qualities of the instruments manufactured by us, we may enumerate fullness and richness of tone, delicacy and elasticity of touch, brilliancy, beauty and durability of workmanship; and as a feature which *particularly* commends them, they are made with a full IRON FRAME, and are thereby qualified to remain in tune much longer than those otherwise constructed, and to resist the action of any climate.

Piano Fortes will be selected by us when desired, and carefully sent to any part of the country.  SECOND-HAND PIANOS received in exchange, or in part pay for new ones.

Factory and Warerooms. Nos. 510, 512, 518 and 522
