BALTIMORE WHITE MINERAL

P A I N T W O R K S

No. 216 W. Pratt Street.

WILT BANK & CO.

Are the Sole Manufacturers of Paynter's White Mineral Paint in Maryland and the Southern States.

Painters, Dealers and Country Merchants can be supplied by making application or sending orders as above. A liberal discount will be made to Agents and dealers who forward cash orders for large quantities.

For making colors even of the most delicate tints, it *far surpasses White Lead*, while it is fifty per cent. cheaper, and does not produce that fatal disease, the painter's colic.

This paint being a *pure white*, enables the painter by combination to produce any shade of color he may desire, and thus effectually avoid the very serious objections made against all other mineral and fire proof paints.

All the Genuine article will be marked on the kegs,

"PAYNTER'S WHITE MINERAL PAINT."

For Sale by Dealers in Baltimore and all the Southern States.
