

SEC. 37. In addition to the compensation provided for herein, the employer shall promptly provide for an injured employee such medical, surgical or other attendance or treatment, nurse and hospital services, medicines, crutches, apparatus, artificial hands, arms, feet and legs as may be required by the Commission in an amount not to exceed five hundred dollars. If an employer fails to provide the same, the injured employee may do so at the expense of the employer. All fees and other charges for such treatment and services shall be subject to regulation by the Commission, and shall be limited to such charges as prevail in the same community for similar treatment of injured persons of a like standard of living, and in case death ensues from the injury within three years, reasonable funeral expenses shall be allowed, not to exceed the sum of one hundred and twenty-five dollars. Any bill for funeral expenses contracted for an amount in excess of one hundred and twenty-five dollars shall be null and void and uncollectible either out of the compensation allowed or out of the personal assets of those obligating themselves to pay, unless and until said bill is approved by the Commission. Provided, however, that if there are no dependents and the deceased employee leaves sufficient estate to pay same, all expenses of last sickness and burial shall be paid by said estate and not by the employer or insurance company, or Commission out of the State Accident Fund, as the case may be. The Commission shall have full power to adopt rules and regulations with respect to furnishing medical, nurse, hospital services and medicines to injured employes entitled thereto and for the payment therefor.

Approved April 9, 1924.
