

municipality or persons may build and operate said system at its own expense, but it shall be constructed under plans and specification prepared by the Commission and under its supervision, and its maintenance and operation shall be under the general control of the Commission, which engineering and supervisory service shall be rendered by the Commission, free of charge; and no such system or part thereof, or no water main, sewer, storm drain, water purification or sewerage disposal plant, or no connection with any of them, shall be constructed or installed except as in this Section provided, and any violation of this provision shall be a misdemeanor punishable under Section 22 of this Act. All construction and operating records, including cost records, shall be filed with the Commission, which shall be empowered at any time to take over said system or part thereof, or said water main, sewer, storm water drain, water purification or sewerage disposal plant, or connection with any of them, in the same manner as provided under Section 16 for systems existing at the time of the passage of this Act. The Commission shall be empowered to extend its water supply, sewerage, drainage and disposal systems into any area outside of any Sanitary District contiguous thereto or in the vicinity thereof, whenever the property owners of said area shall agree to the conditions that may be imposed by the Commission as hereinbefore outlined.

SEC. 19. *And be it further enacted*, That the County Commissioners of Anne Arundel County are hereby authorized, empowered, and directed to assume jurisdiction over all refuse collections and refuse disposal plants in each of the Anne Arundel County Sanitary Districts, and shall institute, construct, maintain and operate such systems of and plants for refuse collection and disposal in each Sanitary District as in its judgment shall best promote public health, economy and convenience, and shall prescribe the territory to be so served.

SEC. 20. *And be it further enacted*, That said Commission may enter upon and excavate any State, County or Municipal Street, Road or alley, or any other public highway, for the purpose of installing, maintaining and operating the water supply, sewerage and drainage systems provided for under this Act, and it may construct in any such street, road, alley or public highway, a water main, sewer or drain, or any appurtenance thereof, without the receipt of a permit or the payment of a charge; provided, that whenever any State, County or municipal highway is to be disturbed the public authority having control thereof shall be duly notified, and provided further that said highway shall be repaired and left by the Commission in the same condition as, or in condition not in-
