

Commissioners of La Plata in some bank selected by them to the credit and in the name of "The Town Commissioners of La Plata," and no money shall be withdrawn from said fund except on checks signed by the President of the Town Commissioners of La Plata, countersigned by the Town Clerk thereof, and no money shall be withdrawn therefrom for any purpose whatever unless the bill for the same be previously approved by the Water Supply Commission provided for by this Act or by a majority of the members of said Commission. And no part of this fund shall be used for any other purpose than to pay the cost and expense incident to and incurred in connection with the construction of said water supply system, including meters, cost of printing of the bonds to be issued under this Act, and the general costs incident to the carrying out of the provisions of this Act, or for the operation of said Water Supply System.

SEC. 6. *And be it further enacted,* That the Water Supply Commission created by this Act shall have the right and power to acquire, in the name of the Town Commissioners of La Plata, by gift, purchase, lease or condemnation any land, improvements, rights of way, stream-beds, water-ways or any other property, of any kind whatsoever, either in fee or as an easement, within Charles County, for the construction, extension and maintenance of said water supply system of the town of La Plata, and whenever resort shall be had to condemnation proceedings, the proceedings shall be as provided by Article 33A of the Annotated Code of Maryland, regulating the procedure for the acquisition of property for public use by condemnation, and all the rights, powers and privileges conferred by said Article relating to the condemnation of property for public use are hereby expressly conferred upon and vested in the said Water Supply Commission.

SEC. 7. *And be it further enacted,* That upon the completion of said Water Supply System, the said Water Supply Commission shall turn over to the Town Commissioners of La Plata the said Water Supply System, and any funds from the sale of said water bonds remaining after the construction and equipment of said system shall be used for the redemption of said bonds as they mature and become payable. The said Town Commissioners shall have full charge of the operation, management and maintenance of the said Water Supply System, including the power to make contracts, to purchase material, employ all such assistants (skilled or unskilled), and labor as may be necessary for the proper operation of said Water Supply System, to make such rules and regulations for the management of said Water Supply System as they may deem proper; to make ex-
