

under sub-title "Building Permits," said new section to be known as 91-A, and to follow immediately after Section 91 of said Article, requiring permits for the construction of all buildings where the value after construction exceeds two hundred dollars (\$200), and repairing buildings where the value of repairs exceeds five hundred dollars (\$500).

SECTION 1. *Be it enacted by the General Assembly of Maryland,* That, a new section, be, and it is hereby added to Article 17 of the Code of Public Local Laws of Maryland, title "Prince George's County," to be under sub-title "Building Permits," said new section to be known as Section 91-A, to follow immediately after Section 91 of said Article, and to read as follows:

91-A. All persons, firms or corporations shall, before erecting or constructing any new building in Prince George's County, the value of which at the time of the completion shall be two hundred dollars (\$200) or more, shall make application to the Clerk to the County Commissioners of said County for a permit to erect and construct any such building within the limits of said County. Any person, firm or corporation desiring to remodel or repair any building within Prince George's County where the value of said repairs or remodeling after completion shall exceed five hundred dollars (\$500), shall make application to the Clerk to the County Commissioners for a permit to do so. The application for the permit to erect or construct any new building, or to remodel or repair any building, shall set forth in detail the location of the land, the size and approximate value of the building or buildings to be erected, constructed, remodeled or repaired. That the Clerk to the County Commissioners shall be required to charge and receive the sum of one dollar (\$1.00) for each permit so issued by him, the same to be issued in the name of the County Commissioners of Prince George's County. That the permit so issued shall set forth the location of the land, upon which the said building is to be erected, together with a reasonably accurate description of the character of the proposed new building or building to be remodeled or repaired, and the approximate value in either event, and said permit shall be issued in triplicate, one to the applicant, one to the Supervisor of Assessments, and one to be retained in the files of the office of the County Commissioners. Provided however that where incorporated towns require building permits in said town, and have officials
