

GAME.

Chapter 436, House Bill 651, amends the Game Laws relating to bag limits and provides for the exchange or sale of property used for State Game Refuges.

On the recommendation of the State Game Warden that this legislation is not desirable, I have vetoed this bill.

HAVRE DE GRACE.

Chapter 186, Senate Bill 268, authorizes the Utility Commission to employ its own counsel.

There seems to be no good reason for the creation of this additional office and I have, therefore, vetoed this bill.

ICE CREAM.

Chapter 210, House Bill 217, sets certain standards with relation to ice cream, and is inconsistent with Chapter 308, which has already been approved. I have, therefore, vetoed this bill.

INVESTMENTS.

Chapter 599, Senate Bill 403, authorizes investments in securities issued or insured under the National Housing Act.

On the recommendation of the Bank Commissioner, I have vetoed this bill.

ITINERANT VENDORS.

Chapter 383, House Bill 366, repeals the law imposing license on itinerant vendors.

As the repeal of this law would be unfair to merchants who have to pay a trader's license, I have vetoed this bill.

JUDGE GREEN.

Chapter 160, Senate Bill 368, provides for the retirement of Judge Nicholas H. Green on account of continued illness.

Judge Green has died since the passage of this bill and I have, therefore, vetoed it as being unnecessary.

JUDGMENTS.

Chapter 174, House Bill 246, provides an additional method of securing judgment upon affidavit in actions brought before Justices of the Peace.
