

29B. Registration forms or cards shall consist of an equal number of original cards or loose-leaf pages of one color and duplicate cards or loose-leaf pages of another color which shall be of a size adequate to contain the information required by Section 18 of this Article. Provision shall be made either on the front or back of the registration cards or loose-leaf pages for recording the fact that registered voters have or have not voted at each general or primary election, and space shall be provided for such recording for a period of not less than twelve years. When a voter votes either at a primary or general election, the letter "V" shall be written in the proper space. Provision shall also be made on the front or back of the registration cards or loose-leaf pages for showing subsequent changes in address.

29C. The Supervisors of Elections of Montgomery County and the County Commissioners of Washington County shall supply the Board of Registry with the registration cards or loose-leaf pages and any other forms required in the same manner as they have heretofore supplied registration books and the registration of voters shall be conducted in every particular as prescribed by law, except that cards or loose-leaf pages shall be used instead of books. When such cards or loose-leaf pages have been duly filled out and both the original and duplicate registration forms have been signed by the applicant for registration in the presence of both registrars, and returned to the Board of Supervisors of Elections, the original and duplicate forms shall be filed in different filing cases or loose-leaf binders. The original forms shall be arranged by precincts in alphabetical order and shall constitute the precinct register for use in polling places on election day. The duplicate forms shall constitute the permanent office record of the Board and shall not be open to public inspection except in the presence of a clerk of the Board and shall not be removed from the office of the Board except on order of Court. The registration records shall be open to public inspection under reasonable regulations at all times when the office of the Board is open for business, except that, during the twenty days preceding and the ten days following an election, such records shall not be open to public inspection except upon the special order of the Board.

The binders containing the precinct registers shall be securely locked and the keys safely kept by the Supervisors of Election and the cabinets containing the duplicate forms shall be securely locked, and neither the binders nor cabinets shall be unlocked except on the authorization of the Supervisors and then only by a clerk or other employee of said Board.
