

include all lands, buildings, leases, machinery, engines, poles, wires, artesian wells and other appliances necessary or advisable in the opinion of the Town Commissioners of Centreville for the production of electrical power and its transmission to the point of consumption together with the lamps required for the proper lighting of the streets, alleys and public places of said town and the vicinity of said town within the limits of Queen Anne's County and to citizens, inhabitants or corporations of Caroline County, Maryland, within and adjacent to the Town of Bridgetown.

117. The Town Commissioners of Centreville shall have full power and authority to acquire by purchase, lease, gift, devise, or by condemnation in the manner prescribed in Sections 331 to 337, inclusive, of Article 23 of the Code of Public General Laws of Maryland, any land or interest therein, any pole line, with its equipment of wires, switches, lamps, etc., already erected for electrical purposes, in the town of Centreville aforesaid or in Queen Anne's county beyond the limits of said town, or in Caroline County, Maryland, within and adjacent to the Town of Bridgetown, which may be needed for the construction, operation and maintenance of said plant and the sale and transmission of electrical energy or current.

118. The Town Commissioners of Centreville shall have full power and authority to furnish and supply the citizens, inhabitants and corporations of said town, and of the vicinity of the said town within the limits of Queen Anne's County and to citizens, inhabitants or corporations of Caroline County, Maryland, within and adjacent to the Town of Bridgetown, in its discretion, with electric power and energy for all purposes; to sell electric power and current and to provide for its transmission to points of consumption in said town or in Queen Anne's County aforesaid beyond the limits of said town or to citizens, inhabitants or corporations of Caroline County, Maryland, within and adjacent to the Town of Bridgetown, to fix and establish, and from time to time change schedules of rates and charges for said electric power and energy; to make from time to time rules and regulations in regard to the collection of said rates, the furnishing and supplying or discontinuing of any electric service to the consumer thereof or the use thereof by consumers, including all connections made with buildings of consumers, but no service of electric power shall continue to be furnished to any consumer if such consumer shall be in arrears for thirty days on account of electric service furnished by said corporation.
