But this provision shall not preclude any vehicle from stopping for such length of time as may be necessary to load or unload freight or to discharge or take on passengers or to construct or repair the line or works of any public service corporation located along said road; nor in case any such vehicle shall have become disabled, in which event, however, it shall be removed as soon as it may be reasonably possible to do so.

Unless parking space in some other portion of the street or highway is provided by State or municipal authority, all vehicles not in motion shall stand with their right side as near the right-hand side of the highway as practicable, except in city streets or on roads where traffic is permitted to move in one direction only, in which case they shall stand with their right side as near as practicable to the right-hand side, or their left side as near as practicable to the left-hand side, of said street or road.

All vehicles carrying poles or other objects which project more than five feet from the rear end of such vehicles shall, during the period of from one-half hour after sunset to one-half hour before sunrise, carry a red light at or near the end of the pole or other object so projecting.
