

known as Sections 1029 to 1029-I, inclusive, and to read as follows:

1029. The term "issuing authority" shall mean the Health Officer of Montgomery County or the County Building Inspector or the authorized representative of either. The term "excreta disposal plant" shall mean a cesspool, septic tank, privy or other plant or device of any kind whatsoever for the disposal of human excreta (but not including a sewer pipe connected to an approved public sewer) for any dwelling, apartment house, store, or other building occupied or to be occupied either for dwelling or for business purposes. The term "excreta disposal plant" shall also include the property itself whenever no adequate excreta disposal facilities exist.

1029A. The Board of Health of Montgomery County shall from time to time adopt rules, regulations and specifications for the construction, reconstruction, and maintenance of excreta disposal plants. The Board of Health of Montgomery County may impose reasonable and uniform fees for the issuance of excreta disposal permits to cover the cost of inspection.

1029B. No person, firm or corporation shall begin construction of any dwelling, apartment house, store or other building to be occupied either for dwelling or for business purposes and located beyond reach of the public sewer without first obtaining a permit for the excreta disposal plant from the issuing authority.

1029C. (a) No person, firm or corporation shall construct, enlarge or reconstruct any excreta disposal plant without first obtaining from the issuing authority an excreta disposal permit.

(b) Applications for the aforesaid excreta disposal permits shall be made on forms prescribed by the Board of Health and shall be accompanied by acceptable plans and specifications and any inspection fee imposed by the County Board of Health.

1029D. The issuing authority shall review plans and specifications submitted for the aforesaid excreta disposal plants and issue permits when these plans and specifications comply with the rules, regulations and specifications adopted by the County Board of Health; and the issuing authority shall make inspections of said plants during construction.

1029E. Construction of excreta disposal plants shall be in accordance with the rules, regulations and specifications of
