MUNICIPAL ELECTRIC LIGHT AND POWER SYSTEM

116A For the purpose of providing the residents of Crisfield with adequate, efficient and dependable electric light and power service, the Mayor and Council of Crisfield is authorized, enabled and empowered:

(a) To acquire, construct, establish, own and operate a municipal electric light and power system, as hereinafter defined, for the production, generation, distribution and sale of electrical energy and power, such energy and power to be sold or supplied to the Mayor and Council of Crisfield and the residents of said municipality for public and private uses and purposes, as such energy may be requested and ordered by them respectively;

(b) to operate and maintain said municipal electric light and power system, including all plants and equipment necessary or useful to provide and comprise a complete electric light and power generating plant and distribution system adequate for the purpose of supplying to said municipality and to the above-described private individuals a suitable and sufficient supply of electrical energy and power for domestic, industrial, manufacturing and other purposes and for the lighting of public streets, ways, buildings and places in and about said municipality;

(c) to issue and sell revenue bonds, notes or certificates of said municipality payable solely from the earnings of said municipal electric light and power system in order to pay the initial cost, as hereinafter provided, of construction of said system;

(d) to enter into a suitable contract or contracts for the construction of said municipal electric light and power system in the manner hereinafter provided and to acquire by purchase, condemnation, lease, gift or otherwise all land, easements, rights of way and other interests or privileges, either within or without the corporate limits of said municipality, necessary for or appropriate to the construction of said electric generating plant and distribution system or to negotiate for the purchase of or to accept the donation of any existing distribution facilities.

116B As used in Sections 116A to 116X inclusive, of this sub-title, the following words and terms shall have the fol-
