

(c) In the alternative, it may specify that said single or instalment payments shall be made at one time or from time to time by the issue and delivery to the contractor, at not less than par plus accrued interest, of the revenue notes, bonds or certificates hereinafter authorized;

(d) If payment in the manner outlined in the next preceding sub-paragraph of this Section 116C shall be adopted, then the Mayor and Council may contract and agree that title to said municipal electric light and power system shall remain in the contractor constructing the same or in any trustee or agent acting for said contractor, until the payment in full of the principal and interest of said revenue notes, bonds or certificates issued in payment therefor, or said Mayor and Council may grant and convey to said contractor or to any agent, nominee or trustee designated by him, a mortgage on said system securing the prompt payment of the principal and interest on said revenue bonds, notes or certificates as hereinafter authorized, provided, however, under no circumstances shall anyone have the right to oust said Mayor and Council from complete possession of said municipal electric light and power system for the purposes of maintaining and operating the same after the completion of the construction thereof and full or conditional payment therefor in any of the ways above outlined, nor shall anyone have the right to impede or interfere with the collection by said Mayor and Council or its duly appointed agents of the charges made for electrical energy and power distributed and sold through said system, unless and until said Mayor and Council shall have been in default in the payment of principal and interest on any of said revenue bonds, notes or certificates hereinafter authorized for the period of time and under the conditions set out in any trust indenture, contract or agreement executed or entered into compliance with the provisions of Section 116F of this sub-title by said Mayor and Council at the time or times of the issuance of any of said revenue bonds, notes or certificates, provided that said Mayor and Council shall not be ousted from possession of said municipal electric light and power system or from the maintenance and operation of the same, at any time, without the consent and approval of the Public Service Commission of Maryland then had and obtained.

116D. For the purpose of paying the cost of construction of said municipal electric light and power system, as hereinabove defined, and for the purpose of making additions, replacements or improvements thereto, said Mayor and Council is hereby authorized and empowered to provide by ordinance or ordinances, at one time, or from time to time, for the issuance of revenue notes, bonds or certificates of such description and title
