

ing the issuance of said revenue notes, bonds or certificates, any monies in such sinking fund in excess of an amount equal to one year's interest on all such revenue notes, bonds or certificates then outstanding shall be applied to the purchase or redemption of any such revenue notes, bonds or certificates in accordance with the terms thereof. All such revenue notes, bonds or certificates so purchased or redeemed shall forthwith be cancelled and shall not again be issued. Upon the final retirement of all of said revenue notes, bonds or certificates, together with any refunding revenue notes, bonds or certificates hereinafter authorized, the revenues from said municipal electric light and power system which would otherwise be payable into said sinking fund as hereinabove provided, shall thereafter be payable by said Clerk-Treasurer directly into the general funds of the Mayor and Council for the use of said municipality or into any other special funds for any special purpose as said Mayor and Council may from time to time by ordinance direct.

116H. As soon as said municipal electric light and power system herein provided for shall have been completed and put in operation, said Mayor and Council may provide by ordinance that there shall be no lighting at municipal expense of the streets, alleys, squares, lanes, highways, public buildings or other public places within the corporate limits of said municipality except by electrical or other appliances owned, operated and maintained by said Mayor and Council and supplied with power by said municipal electric light and power system. Said Mayor and Council shall make reasonable compensation for the electrical energy used by and services rendered to said municipality, and shall make regular payments from the general funds of said municipality, at monthly intervals, into said Municipal Electric Light and Power System Fund in the same manner as other revenues are required to be deposited therein, provided, however, that the provisions of this section shall apply, only so long as there shall be outstanding and unpaid any of said revenue notes, bonds or certificates or refunding revenue notes, bonds or certificates.

116-I. Subject to the control and jurisdiction of the Public Service Commission of Maryland, the Mayor and Council may make special rates or charges for commercial or industrial consumers of the electrical energy produced by said municipal electric light and power system as, in the discretion of said Mayor and Council, may seem right and proper and for the promotion of the best interests of the residents of Crisfield, or said Mayor and Council may classify said rates and charges into rates for domestic consumption, for commercial
