

EMERGENCY AND POST-WAR CONSTRUCTION APPROPRIATIONS

The following appropriations are made from the General Funds of the State:

War Emergency Fund: To the Board of Public Works, to be used as an Emergency Fund for the payment of obligations incurred by the Board of Public Works incident to, or arising out of, the war emergency, including such sums as the Board may, in its discretion, allot to the State Guard and/or the Reserve Militia; a statement of the expenditures therefrom to be submitted to the next regular session of the General Assembly or to any special session which might be convened in the meantime. In the event there remains an unexpended balance at the end of the fiscal year for which this fund is appropriated, such unexpended balance is to be added to the fund to be created by authority of the General Assembly of 1943 for post-war construction purposes—for the fiscal year 1944, \$500,000.00; for the fiscal year 1945, \$500,000.00.

General Emergency Fund: To the Board of Public Works, to be used by the said Board in supplementing appropriations made in the budgets for the fiscal years 1944 and 1945 where it is found that regular appropriations, because of economic conditions, are insufficient for the operating expenses of the State Government beyond those which were contemplated at the time of the preparation of the budgets for these fiscal years; a statement of the expenditures therefrom to be submitted to the next regular session of the General Assembly or to any special session which might be convened in the meantime. In the event there remains an unexpended balance at the end of the fiscal year for which this fund is appropriated, such unexpended balance is to be added to the fund to be created by authority of the General Assembly of 1943 for post-war construction purposes—for the fiscal year 1944, \$500,000.00; for the fiscal year 1945, \$500,000.00.

Post-War Construction Fund: To the Board of Public Works, for construction and other capital improvements at State Institutions, and for other Agencies, in connection with carrying out any program to be adopted by the State in providing for post-war projects, the sum of \$2,000,000.00 to be available July 1, 1943. The amount hereby appropriated being a use of so much of the excess General Treasury Funds and to be supplemented by any unexpended balance remaining in the General Emergency Fund and War Emergency Fund appropriated in this budget. This sum to continue to be available until it becomes exhausted for the purposes for which it is appropriated, unless otherwise disposed of by subsequent action of the General Assembly.

Of the above appropriation of \$2,000,000.00, there is hereby allocated the following:

1. For the necessary expenses of the Post War Reconstruction and Development Commission, such sum not to exceed \$25,000.00, as may be allotted by the Board of Public Works for the purposes of the Commission.
2. The following sums to the institutions indicated and for the purposes set forth in the General Construction Loan of 1941, being Chapter 854 in lieu of similar sums transferred to the University of Maryland and contingent upon the passage of legislation providing therefor:
