

of a charge; provided, that whenever any State, County or municipal highway is to be disturbed the public authority having control thereof shall be duly notified, and provided further, that said highway shall be repaired and left by the Commission in the same condition as, or in condition not inferior to, that existing before said highway was torn up, and that all costs incident thereto shall be borne by the Commission.

SEC. 19. *And be it further enacted*, That any employee or agent of the Commission shall have the right of entry, at all reasonable hours, upon any private premises and into any building, in each sanitary district, while in pursuit of his official duties, upon first presenting proper credentials from the Commission, and any restraint or hindrance offered to such entry to any owner or tenant, or agent of said owner or tenant, or any other person, shall be a misdemeanor punishable under Section 21 of this sub-title.

SEC. 20. *And be it further enacted*, That all individuals, firms and corporations having buildings, conduits, pipes, tracks, poles or other structure or obstructions in, on, over, under or through any public road, street or alley of any sub-district, which shall block or impede the construction and establishment of the Commission's water supply, sewerage or drainage systems, or other works, shall upon reasonable notice from the Commission, promptly so shift, adjust, accommodate or remove such structures or obstructions as to fully meet the exigencies occasioning such notice; provided, however, that the cost of such changes shall be borne and paid for by the Commission out of the Metropolitan District funds. Every public service corporation, company or individual before it or they shall begin any excavation or construction in any street, road, alley or public highway within any sub-district shall file with the Commission plans of such work and construction, showing the location and depth in such street, road, alley or public highway, of the proposed main, conduit, pole, pipe, or other structure, and such construction or work shall not be begun until said plan shall have been approved by the Commission, nor shall any change be made in said approved plan or in the work or construction as shown upon said plans except on further approval of the Commission. Whenever any main, conduit, pipe, pole or other structure is put in without the filing of plans with the Commission and the approval thereof by it, or when any change is made in the location of such main, conduit, pipe, pole or other structure as shown upon the plans approved by the Commission, or any approved change therein, the Commission may, if and when such conduit, main, pipe or pole, or other structure, interferes with the construction or operation of its water or sewerage
